She's just a product of misery
She's just a product of misery

Everyday she'd go around
Every time I see that frown
Broken down and down and out
The drudgery goes on and on
Oh, I just want to say
I ain't gonna live that way 'cause

She's just a product of misery
I don't want to live like that
She's just a product of misery
I don't want to live like that

Like her mother and hers before
She left her heart out by the door
Everybody passed it by
They never bothered asking why
She stayed locked up inside
Watching as the world turns by

Now she's just a product of misery
I don't want to live like that
She's just a product of misery
I don't want to live like that
I don't want to live like that
Hey, like that?
I don't want to live like that
Just a product of misery, yeah

Annie said, she must confess
She never came and never left
Never could communicate and
Now the time is much too late
Oh, passions laid to rest
Buried with her wedding dress

Now she's just a product of misery
I don't want to live like that
She's just a product of misery
I don't want to live like that

I don't want to live like that
Hey, like that
I don't want to be like that
Just a product of misery

She's just a product of misery
Just a product of misery
She's just a product of misery
Just a product of misery
She's just a product of misery
I don't want to live like that
She's just a product of misery
I don't want to live like that
I don't want to be like that
