Out in the faraway nearby
Can you hear my call?
Out in the faraway nearby
I'm breakin' down the walls
Till you're here to stay
Out from the faraway

Hot looks, cold words
Don't know what it is you heard
But I didn't mean it
If I said something wrong

Short nights, long dreams
Somethin' happens in between
Then a weird feeling
Like you're here but still you're gone

Heart beats
Like a knock on the door
But it sounds so faraway

In the faraway nearby
Can your hear me call?
Out in the faraway nearby
I'm breakin' down the walls
Till you're here to stay
Out from the faraway

Big whisper, small scream
But it's not like what it seems
Locked up in the open
Don't know which way to go

Deserts, oceans
Leavin' footprints in the sand
Hopin' that you'll see them
And wishing you'd follow

And walk with me hand in hand
And talk to me, you got a plan
And hold me, and hold me
Don't stop

Out in the faraway nearby
Can you hear my call?
Out in the faraway nearby
I'm breakin' down the walls
Till you're here to stay
Out from the faraway

Heart beats
Like a knock on the door
Back from the faraway

In the faraway nearby
Can you here me call?
Out in the faraway
