Just when everything's in order and good
Things fall apart
Just when life should be resolving
I'm back at the beginning
And it comes back to the heart

I'm not really sad
I'm not running, I'm looking
Did I tell you I've kept
All your letters and cards

There's just nothing left for me
To do here but unhook the stars
There's just nothing left for me
To do here but unhook the stars

Do you remember
When I told you
All that I could
And it seemed like too much

I was living your life hoping you'd never fall
If I held on tight enough
And letting go now is like a passport to anywhere
With time on my hands I can make a new start

I just didn't want to stay here
And unhook the stars
I just didn't want to stay here
And unhook the stars

Don't worry for me it's just I'm inspired
Waiting in the wings
Made me drunk with possibility
It rivals my memories

I didn't want to stay here
And unhook the stars
I just didn't want to stay here
And unhook the stars

Everything's in order and good

Things fall apart
Just when life should be resolving
I'm back at the beginning
And it comes back to the heart

I'm not really sad
I'm not running, I'm looking
Did I tell you I've kept
All your letters and cards

There's just nothing left for me
To do here but unhook the stars
There's just nothing left for me
To do here but unhook the stars

Didn't want to stay here
And unhook the stars
Didn't want to stay here
And unhook the stars
I didn't want to stay here
And unhook the stars
