In the bosom of europa  
Little liza was caressed  
By the music of the angels  
Playing underneath her dress  
She saw the great caruso  
And that's when she fell in love  
She'd think of him as elvis  
If she knew who elvis was

Spinning round and round  
You can hear her moan  
She's all by herself  
But she's not alone

Wonderful things happen to me  
Whenever I sing that white man's melody  
Wonderful wave - wash over me  
Whenever I sing that white man's melody

By the shores of the gitchee goomee  
She was floating on her bed  
She was deaming of al jolson  
And what she thought he said

He was looking in the mirror  
He was putting on the paint  
Said the hardest thing about this job  
Is being what you ain't

Just an old white man  
In a strange new world  
Can you come out tonight  
Little buffalo girl

Wonderful things happen to me  
Whenever I sing that white man's melody  
Wonderful wave - wash over me  
Whenever I sing that white man's melody

From the loins of the liberace  
Sprang a million little tunes  
And they whirled around eliza

Like so many little moons  
Every jewel held a secret  
Every flourish held a clue  
As he held her in a rapture  
Singing I'll be seeing you

Wonderful things happen to me  
Whenever I sing that white man's melody  
Wonderful wave - wash over me  
Whenever I sing that white man's melody
