You don't know where you belong  
You should be more careful  
As you follow blindly along  
You just need to belong somehow

Relying on rhetoric  
Not well versed on topics  
Any idea what you're talking about?  
Revisions of history  
Fair well in some company  
But don't shove that bullshit down my throat

You don't know where you belong  
You should be more careful  
As you follow blindly along  
To find something to swear to  
Till you don't know what's right from wrong  
You just need to belong somehow

Left suppresses right  
Right suppresses left  
So what's the left, and what's right ?  
You're told what to wear  
You're told what to like  
I'd be nice if you'd think for yourself sometime  
But you don't

Now you don't know where you belong  
You should be more careful  
As you follow blindly along  
To find something to swear to  
Till you don't know what's right from wrong  
You just need to belong somehow  
You just need to belong somehow

Mix sheer hypocrisy with mediocrity  
You'll play it safe every time  
So life turns up empty  
And you're so dissatisfied  
Who are you blaming blaming this time this time?  
Don't you know?

Now you don't know where you belong  
You should be more careful  
As you follow blindly along  
To find something to swear to  
Till you don't know what's right from wrong  
You just need to belong somehow  
You just need to belong somehow

You don't, you don't know where  
You don't know where you belong  
You don't know where you belong  
You don't know where you belong
