"Angel Standing"

I look upon you from the shadows and your sweet voice
resonates in my
ears.

I think about you when I'm hidden away, and losing you
is the greatest
of my fears.

In my darkest hour, after all I've been through, I look up
and I see the
light that is in you....

And for that..

CHORUS: I'll be your angel standing, standing by for
you, my love,

And when the loneliness of night takes you over, I'll be
the one to lift
you up...

And when life throws you a heartache that almost feels
like it's

splitting you in two...

I'll be your angel standing, standing by, and watching
over you...

I hold my heart out in my hand, it's there for a spare if
you need it...

I know it's hard sometimes to pull through the tears,
stare down your

fear, I know you can beat it..

I'll make sure, to be there, so many times I should of
cared, and I was
so unprepared

Later on, in our lives we can reminisce on the pain and
joy we both
shared

But until then..

(CHORUS)

I'll be the one to lift you up when you are down, I'll be
the one to

lend a helping hand,

And all your life I will help your suffering, as long as
you so fully

understand,

(CHORUS)

I'll be your angel standing by, all the days of your life...
