Baby I love you, just in case you didn't know
Goin' from friends to lovers, you don't know how that
will go
I'm tryin' to tell you that it's written in the stars
Somethin's movin' the winds of change to join our two
hearts

bridge:

Baby I'll do what I gotta do
To be a part of the heart of you...

Chorus:

I fell in love for the first time in a long time when I fell in
love

with you

Is there nothing I can say or do, to change your mind?

I felt whole for the first time, in a long time, when I fell
in love

with you

Is there nothing I can say or do, to make you mine?

Baby I need you, and I know I gotta show
that goin' from friends to lovers is the way we oughta
go

I'm trying to prove that destiny came my way

Me and you together was all that it had to say

bridge

chorus

Baby I am on my knees

Baby you are all I need

Baby I promise I'll be true

I'm holdin' my heart in my hand, all I'm waitin' on is
you...

chorus

I fell in love for the first time in a long time when I fell in
love

with you

I do anything I have to....to change your mind...
