Bloomingbirds fall from this tree

Where flower seasons pass

Sweetlip & petalwing now

Slain upon the grass

Frost & glass

Frost & broken glass

Barefoot on the splinters of your heart

Of frost & glass
Loveblind & rippingyarns

A-slither on the vine

SnowKing, with your thorny eyes

My happiness conspires

Frost & glass

Frost & broken glass

Barefoot on the splinters of your heart

Of frost & glass
