"Owner Of The Sky"

Time and time again
We tread upon
The dusty earth we bed
In search for
The Owner of the Sky
Must I? I must! I say
Age upon age, say I,
Exalt in the search for
The Owner of the Sky

I see sky, you see
The sky from end to end
Sees I, you see
I be now
As I be then
Life after life I be borne
Upon the dusty path
Lay your head on the weary rock
In search for in search for
The Owner of the Sky

I see sky, you see
The sky from end to end
Sees I, you see
I be now as I be then
