I could never leave you
Even you if you asked me to
I could never say goodbye
And make you cry
Ohhh

I could never stumble
With you walkin by my side
I could never love you
More than I already do

::Chorus::
So dont
Walk away
Dont
Walk away
Dont lie
Tell me that youre gonna stay
Please dont walk away

If I made a promise
I would stay by your side
Its only the beginning
I love you

Chorus

please dont walk away

and though the road is dark and dreary
and though my nature does not swear
this disposition must be washed away forever
so please dont walk away

please dont walk away
please dont walk away

But I could never leave you
Even if you asked me to
No I could never say goodbye
Or make you cry

Ohhh

ohhhhh ::fade::
