Just like the wind,  
I've always been  
Drifting high up in the sky that never ends  
Through thick and thin,  
I always win  
'Cause I would fight both life and death to save a friend

I face my destiny every day I live  
And the best in me is all I have to give

Just like the sun (Just like the sun)  
When my day's done  
Sometimes I don't like the person I've become  
Is the enemy within a thousand men?  
Should I walk the path if my world's so dead ahead?

Is someone testing me every day I live?  
Well, the best in me is all I have to give

I can pretend (I can pretend)  
I am the wind (I am the wind)  
And I don't know if I will pass this way again  
All things must end  
Goodbye, my friend  
Think of me when you see the sun or feel the wind

I am the wind,  
I am the sun  
And one day we'll all be one

I am the wind,  
I am the sun  
And one day we'll all be one

I am the wind,  
I am the sun  
And one day we'll all be one

I am the wind,  
I am the sun  
One day we'll all be one...
