Oooh
Yeah
I could get used to this
Yeah
I could get used to this
Yeah Yeah

I never had it this good before
And I think I might like some more
Your love is like living in luxury
And baby thats just all of me

Give it all & I really don't mind
Everything, every way that I like
You give it like I want it
What you do, did ya get to my heart
And you know that the very best part is
That you don't stop
You go on and on

Chorus:
I could get used to this
If I really have to
And I have to, I have to
I could get used to us
If I really want to
And I want to, I want to

You treat me to the best, love that less won't do
Cos I get the very best love from you
You're giving me everything my heart desires
And there's so many things that I like

Give at all, and you do it so nice
Everything that you is just right
Its so easy, you know how to please me
What you do that you make it that good
You were mine when you told me I would
Like the way you feel
So real

Chorus:

I could get used to this
If I really have to
And I have to, I have to
I could get used to us
If I really want to
And I want to, I want to
I could get used to this

If I really need to
And I need to, I need to
I could get used to your kiss
And you know I want to
Yes I want to, I want you

Give it all and I really don't mind
I don't mind
Everything, everyway that I like
Everyway that I like
What you do, did ya get to my heart
My heart yeah
And you know that the very best part
Is your love goes on and on

I could get used to this
I could get used to this
Ohh Ohh Ohh Ohh
I could get used to this
Ohhh Ohhh
I could get used to this
Ohhh

Chorus:
I could get used to this
If I really have to
And I have to, I have to
I could get used to us
If I really want to
And I want to, I want to
I could get used to this
If I really need to
And I need to, I need to
I could get used to your kiss
And you know I want to
Yes I want to, I want you

Chorus:
I could get used to this
If I really have to
And I have to, I have to
I could get used to us
If I really want to

And I want to, I want to
I could get used to this
If I really need to
And I need to, I need to
I could get used to your kiss
And you know I want to
Yes I want to, I want you
