When I did first enlist
I tried to stay away
But after you get that kiss
You will miss it

I read all the history books
And I sat with silver screen
And I always had to look
Singin' na na na na na na na...

Major - has this feeling all the time
Major - soldier boys are so, so blind
Major - maybe you're the next in line

Veterans of the game
With their whiskey long-life scars
Some will put the blame
On the pain

I am choosing a life of hate
With destruction down my path
I wanna disappear
Singin' na na na na na na na...

Major - has this feeling all the time
Major - soldier boys are so, so blind
Major - your revealing, how I am feeling, trying to
Make
And I can't take it

Stories of their tongues
You can't lose it in your mind
With a bottle in your hand
Touching time

It ain't no paper moon
And I don't wanna a purple heart
Or a suitcase full of regrets
Singin' na na na na na na na...

Major - has this feeling all the time
Major - soldier boys are so, so blind

Major - maybe you're the next in line
Next in line
Next in line
Next in line
Next in line to go home
