(Verse 1):

For tonight, luck would me a lady like me (me me me)  
You got your poker face on (face on)  
Moving through the crowd  
Searching for a sure thing  
Winner takes all in this game  
I separate the boys from men  
You see some of the best around  
Put something down  
All bets are now in (yeah)

(Breakdown):

Won't you play my number  
I got that, hang out with me  
You're a winner tonight  
I'm adding that much better  
Oh yes we keep count  
So go ahead and throw ya dice

(Chorus):

You keep on guessing if you want to  
But you know I'm the answer (you know for sure)  
You do the math and it's full proof  
So you know I'm the answer (you know for sure)

(Verse 2):

You play the field, you double it down  
Or bet the hard way

You said that you crapped out, a time or two  
Now it's time to switch your game  
Boy what you lookin for?  
You need a royal flush, well then I'll be your ace  
With me in your deck, we'll clean out the whole game  
The sure thing always pays (oooh)

(Breakdown):

Won't you play your number  
I got that, hang out with me  
You're a winner tonight  
I'm adding that much better  
Oh yes we keep count

So go ahead and throw ya dice

(Chorus, 2X)

(Bridge):

So all I'm saying is

Baby you can bet on me

No time to hold out

Throw your chips down

I tell ya what you found

you know I'm a sure thing

You know I'm a sure thing

(repeat)

(Chorus)
