(Verse 1):

Told me he's leaving and I won't even see  
'Til he crawls back in the bed late in the morning  
Not even speaking, but I know how he's feelin  
Nigga schemin on how to make that money  
He's a provider  
He swear to god he made  
A promise and he cross his heart  
Do anything for me  
But I want him to be all he can be

(Breakdown):

Yeah I know you heard it all before  
But listen to it again  
Just when you think you're going through it all alone  
Ya open your eyes, see where I stand

(Chorus);

It's a big, bad world outside  
I know, I deal with it too baby  
And you need someone (one) by your side (your side)  
I understand, do what you gotta do and  
Hustle real hard, hustle hustle real hard  
Hustle real hard, hustle hustle real hard  
(Gotta hustle hard)  
Hustle real hard, (hard hard) hustle hustle real hard  
( Hard) And I'll be right here when you're through

(Verse 2):

Let me be your second win  
Who you runnin to  
Didn't I tell you I'll be in it for forever  
If you need me (need me)  
Boy believe me  
Nothing can come between you and I  
Lives for his name  
He's trying not to show his pain  
Proud, so he wants to keep it from me  
But what he can't see  
I know exactly what he's gonna be

(Breakdown)

(Chorus)

(Bridge):

(Oh I, oh I) I'll be waiting for you

(Oh I, oh I) 'cause no one understands like I do (lik I do)

Feels like it's you against the world, but I understand

I'm here to share the weight with you, baby take my  
hand

You can lean on me when you need me

Just look around, I'm here baby

I'm here baby

(Chorus, 2x)
