(Verse 1):

We've been practicing guess for a minute now
You should have a hang of it, let's put it down
I gave you enough time to get comfortable
So let's go (go), go (go), go
Into the next phase, the next stage, of this thang
We ain't little kids no more
Let's make this ride official

(Chorus):

Take off your training wheels, baby if you're ready,
ready
Take off your training wheels, baby if you're ready to
go
Take off your training wheels, baby if you're ready,
ready
Take off your training wheels, baby if you're ready to
go
Don't be scared to ride
Don't be, don't be scared to ride
Don't be scared to ride
Don't be, don't be scared to ride

(Verse 2):

You said you didn't wanna fall (wanna fall)
But it's better to fall than never at all
You know there's something beautiful in every scar
So let's fall (fall), fall (fall), fall
Into the next phase, next stage, of this thang (this
thang)
We ain't little kids no more
Let's make this ride official

(Chorus, ad libs)

(Bridge):

Don't be scared to ride
Don't be, don't be scared to ride
Do it with no hands, just the gas
Close your eyes, feel the rush
What we got is more than a crush

Let all your inhibitions go
Come on and ride with me

(ad libs)
