Your loves like a cigarette,
burning on my breath tonight.
Your love leaves no promises for the emptiness inside
And I know that I should leave, but
I know I'm gonna stay, cuz no good
man I ever known has made me hurt this way.

[chorus]

But everybody wants somebody,
somebody good to love.
I just want anybody,
Bad love is good enough.
Your bad love is good enough.
Your love's got no sympathy,
when you talk to me that way.
Your love's like a heartattack,
like a slap across the face.
and I know that I should leave, but
I know I'm gonna stay.
No good man I ever known,
has made me love this way.

[chorus]

I wish I could hate you,
Baby I wish I could,
I wish I could..

[chorus]
