Hell is on to me  
This desert wants a She  
Black fire becomes the road  
Diving down the dark

Gold inside my hear  
Black fire begins to blow

[Chorus:]  
I'm crashing down  
There's no one for miles around  
Crashing down  
On the road, on the road  
On the quiet side of the road

I begin to run  
Begging for someone  
Bring mercy for my soul  
Too damn tired to breath  
I'm too damn scared to scream  
My will begins to slow

[Chorus: Repeat]

Guess that I just don't know better  
Or I'd change my ways  
I'd change everything  
But we all can't live forever  
So I'll take my fate  
And swallow whole

I can hear his heels  
The scratching of his tail  
He's coming for my gold  
On his chest it reads  
Liars, tramps and thieves  
And my name is  
Big and Bold

[Chorus]
