"Heaven Look Down"

Hell is on the TV, the world I know is screaming
What a way to cut me down
Everyone is shaking, no giving only taking
If I could only Kill that sound

If there is anyone still up there
Won't you take a good look around
Please heaven look down

She will never go to school today
Or know a home or know the way
Doesn't she deserve a chance
Her daddy can't keep from drinking
His heart has drowned and it's sinking
Somethin' come and save that man
If there is anyone still up there
Won't you take a good look around
When will heaven look down

[Chorus:]

Don't Don't Don't Don't leave
Don't Don't Don't Don't leave
I'm begging you God Please
Down on broken knees
If you can hear me now
Take a good look around
Then heaven look down

I don't really know the way-Out
I don't think I can take it anymore
