Love is cold hard n' cruel, yeah on the way down
When a man just don't want you, no part of you around
Love is cold hard n' cruel, yeah on the way down
All the way down

I ain't no soldier - ain't no savior - I ain't no winner
And I ain't that proud
I am just a woman - a jealous woman - who wants to
love you
Love you out loud
She is so pretty, she is a beauty
She is a lady, laughin' in the clouds

Jealousy - look what you've done to me
Jealousy - look what you've done
Jealousy - look what you've done to me
Now she's loving you not me

(Oh yeah! Ooh yeah!)

If I could take back - you know I would take back
Every mistake - in my face
I would try harder - try and be stronger
I would love longer - in every way
But she is so lovely, she's like a painting
In the garden, I can't catch my breath

Jealousy - look what you've done to me
Jealousy - look what you've done
Jealousy - look what you've done to me
Now she's loving you not me

Love is cold hard n' cruel, yeah on the way down
When a man just don't want you, no part of you around
Love is cold hard n' cruel, yeah on the way down
Yeah all the way down
