Why do you carry, a pocket of stone?  
Body and mind, are tired from the load  
Still searching for shelter, in your own restless  
thoughts  
Believing in anything, and still you are lost

[Chorus 1]

I will be there...  
Just look over your shoulder, baby  
Longing to share!  
A sky full of clover

And come to the grass where, the orchids run wild  
See how they're laughing, a land full of smile  
And people in clover, are holding up their hands  
Praising the holy one, the wiser of man

[Chorus 1]

And I will be there!  
Just look over your shoulder, baby  
Longing to share!  
A sky full of clover

Said I'm not trying, to make no contradiction  
And I'm not trying, to make you go my way  
Said I'm not trying to tell ya, what I think ya need to  
know - no, no  
I'm still trying, I'm still trying, yeah I'm still trying, to  
figure out my own

Said, I'm gonna be there (gonna be)  
I will be (gonna be)  
I will be (gonna be)  
I will be there!

So now you say to me, do I still have time?  
To live out these precious things, that swell up my mind  
Well raise me, then lay me down, and humble my soul -  
yeah  
Yeah wash me in patience I'll, be whiter than snow

[Chorus 2]

And I will be thereâ€¦  
Just look over your shoulder, baby  
Longing to shareâ€¦  
A sky full, there's a sky fuelling me, a sky full of clover -  
yeah
