God bless this,  
God bless that.  
God I'll miss you now.

All the people left,  
when the blue sky crashed  
and I can't do this alone.

I am scared to change,  
To stay the same,  
When I'm calling out your name..

[chorus]  
Take it easy on me,  
Take it easy on me,  
I will trust you,  
I will let you hurt me carefully.

Take it easy on me,  
I break easily and  
this steal butterfly will learn to fly  
eventually..  
God take it easy on me.  
When I talk like that,  
When I tear me apart.  
When I raise my voice,  
I break my heart.

But if I gave it up,  
let the wall come down,  
Would you take my hand?  
Would you show me how?

I don't know my place,  
I don't know my own face,  
Just the lines I can't erase.

[chorus]

No, I was never one to lean on.  
Fighting this war against the wind.  
When I find ground to rest my feet on.

I will lay my weapons down..

[chorus]
