I guess your labour wasn't in vain,  
To get out your way I did everything.  
But I been falling in love with you, Everyday.  
It wasn't easy, I know...  
Some of those nights in privacy, impossible.  
But I have been falling in love with you, Everyday.  
Every time the sun comes up, I turn back around...  
I'm climbing all the walls that I've built, to keep you out.  
And all the bridges you tried to burn, are fall fallin  
down...  
It's You and Me now.  
Next to you, I want to ly...  
On your shoulder when I need to cry,  
And I'm so happy that ya came, to ease the darknes  
and ease the pain.  
Ya I have been falling in love with you, falling in love  
with you...  
Fallin in love with you Everyday!
