Siddy is looking for the girls who got that booty  
see it don't matter if you fine or using cutey  
See I just wanna see you wine above that gucci  
The way you move it from behind, I'm about to lose it  
So, girl you know, when the booty gets maximus  
dance, bouncing around and just attracting us  
I could spend my whole life all on attracting

Yeah yeah  
See I love that  
Gotta have that  
You can have this  
Lemme have that

Jump off the heat that  
Wait wait  
Jump off the heat that  
Let the booty bounce  
see the prince bounce

I trip when the booty bounce  
I don't sip men, I drink  
when the booty bounce  
I've got to tell you something shawty

:: D Banj  
Ring ring, booty call on the cellular  
This thing be curve like parabola  
Shape very circular  
so spectacular  
you can mess with this but not the regular  
Bing with the white chincones and the lebanese  
buck trifoli gone ends with the remedy  
Shawty bend over  
let the booty make the shape of love  
Honey and Booty style  
you know my flavour
