Going Wild
by D'lay

Album: Unknown
Submitted by: Normann

Down hunting shadows in the abyss of your mind
Descending deep beneath your vision
The one you dread the most, is there for you to find
Behind the dark side of carnation

The smell of danger runs like poison in your blood
The predict said within awakened
You finally believe your're pained before gone
A pain forgotten and forsaken

(Chorus)
Going wild, going outta' control
Going past, past the border
Going wild, going over the wall
Going out, out of order

You find the passage to your most forgotten fear
A secret chambrel, in the tower
Imprisoned memories, once locked up by despair
Will trade your love for all their power
(You know, it was just illisions, everything is fine)

(Chorus)
Going wild, going out of control
Going past, past the border
Going wild, going over the wall
Going out, out of order
Out of order
Going wild, going over the wall
Going out, out of order

And your silence, it will find the magic
Chaos screams, but without a sound
Not a movement, still constantly dynamic

You stand still, while everything goes round
and round, and round, and round and round

Every day now
Every day now
Every day now

(Chorus)

Going wild, going out of control
Going past, past the border
Going wild, going over the wall
Going out, out of order

Out of order (Going out of control)
Out of order (Out of order)
Out of order (Going over the wall)
Out of order (Going out of control)

(fade...)
