As I look back on my life
And the things that I have seen,
Events that happen to me

I can't remember a time
That I ever felt a high,
Like when you were by my side,
And now I'll do the best to just get by

Chorus
And what can I say
We learn from our mistakes
On another day, I'll go about it another way
And what can I say, although you couldn't stay
I will love another day, 'cause we learn from our
mistakes

I never imagined such a lonely ride
How could I have known, what life was like alone
I contemplate my oversight,
As time passes by without you by my side
And now I'll do the best to just scrape by
