[Okay, this isn't really a song, except they put 2:04 of "Wo Adlers Wagen"]

[in the background (which sounds really fucking cool) while some talking goes]

[on, here's basically what's going on.]

[I wish they would have put the entire song of "Wo Adlers Wagen" on there,]

[but due to some controversial issues, the song never made it onto the Cd]

[(except this excerpt of course).]

[At the beginning there's two guys smoking a joint and talking, I'm not]

[100% sure of what they're talking about because they're speaking too quietly]

[and Landerfermann's on vocals in the background. So all of a sudden you hear]

[someone knocking on the door and eventually he breaks in. Now the two guys]

[turn out to be drug dealers because the guy who broke in is asking for some]

[dope for free. So one of the guys says "Don't you have something?" and then]

[the guy who broke in keeps saying "Come on... Come ON, COME ON!" begging for]

[it. And the dealer says "No money, no drugs." And then they get into a big]

[argument and the guy who broke in kept yelling "GO AWAY! GO AWAY" and then]

[he kicked them out.]
