Money Honey... can make you turn your head now...  
Money Honey... can get you where to get now...  
Money Honey... can give you what you can get know...

[Chorus]

Money Honey you ain't got no respect  
You smile at a fortune just to see what you can get...  
And Money Honey got your breakfast in bed  
Hey Money Honey... Oh... you drive me outta my head...

Living living... like a princess of the prom...  
Giving giving... pouring on the charm  
Money Honey... can get you where to get now...

[Chorus]

Money... Money...

Money Honey you ain't got no respect  
You smile at a fortune just to see what you can get...  
And Money Honey got your breakfast in bed  
Hey Money Honey... Oh... you drive me outta my head...
