First you thought
I was just one rainy day
Sun would reappear
And clouds would blow away
And then you found out
That I stayed
And then you found yourself
Singing my songs
And I did not
Give it too much thought
-sun was shining and it just
Got warmer every day
And then you found out
That I stayed
And when you found out boy,
It just was too late
Call me by my real name:
Call me sorrow
Call me by my real name:
Walk away
Call me by my real name:
Tears tomorrow
Im talkin bout feelings, boy,
You have to let go
First week you were
Floating on a cloud
Falling in love made you
Feel dizzy and proud
And then you found out
That Im bad
And then you found yourself
Needing something to hold
And I was like
Lightyears away
You remembered
What we shared
As if it was today
And then you found out
It is wrong
So confusing
Cause your desire is strong.

Call me by my real name:
Never present
Call me by my real name:
Lonely nights
Call me by my real name:
Learn this lesson
Im talking bout feelings, boy,
That you have to fight
Take me out dancing,
Maybe that is what I need
Take me out walking,
I need to breathe
