Time, time goes slow  
Trickle down my throat like it was honey  
Springtime, felt so low  
Summer came, and now I'm a bunny

I'm in the mood for something fast  
I want to kick and let it go  
And you know that I won't be  
Know that I won't be going solo

I'm gonna dance like tomorrow's just a tale  
Like I could never fail  
I've got the opportunity and I will use it well  
I see you on the floor  
A woman with a mission  
This is your Saturday night-audition

Smile, smile, trun around  
Let's pretend that we're in a movie  
I know all my lines  
All you've got to do is come to me

I'm in the Saturday-distress  
I'm in the mood, I've got the dress  
I'm at the only place to go  
Won't be going solo

I'm gonna dance like tomorrow's just a tale  
Like I could never fail  
I've got the opportunity and I will use it well  
I see you on the floor  
A woman with a mission

I'm gonna dance like tomorrow's just a tale  
Like I can never fail  
I've got the opportunity and I will use it well  
I see you on the floor  
A woman with a mission  
This is your Saturday night

I'll give you 15 minutes on the dance floor, baby  
I'll give you 15 minutes to convince me

That I won't be going home,  
Won't be going home, won't be going solo

I'm not dancing solo  
Come on, pass this test

I'm gonna dance like tomorrow's just a tale  
Like I could never fail  
I've got the opportunity and I will use it well  
I see you on the floor  
A woman with a mission

I'm gonna dance like tomorrow's just a tale  
Like I can never fail  
I've got the opportunity and I will use it well  
I see you on the floor  
A woman with a mission  
This is your Saturday night-audition
