I'm low, looking for some light
I feel bold, I'm diving deep tonight
Please sing to me.
The words you used to sing
You pretty face is not telling me a thing

It's haunting me
My soul and my pride
No joy, no light

I'm loosing it
I fall into pieces
I'm loosing it

It feels like I'm racing towards the edge
Forgiving is not in my hands
Please take it back
Somebody please stop me

I'm cold and it's coming from within
Confused, I thought that I was safe
Please sing to me the words and melody
A little piece of what you meant to me

It's blinding me
Like headlights at night
I burn, I fight

I'm loosing it
I fall into pieces
I'm loosing it

It feels like I'm racing towards the edge
Forgiving is not in my hands
Please take it back
Somebody please stop me
