We lost our innocence so long ago  
Going further and further  
Never thought we'd reach our goal

Now I'm stuck in stormy weather  
We used to run this show together

So please, please take me in  
I don't know where else to turn to  
Please, please take me in  
You're the only one who seems to know me  
And don't, don't let them win  
Please take me in

We travelled coast to coast  
And we were great  
Getting larger and larger  
Growing out of our heads

Now I'm stuck in rain and thunder  
Would you watch me going under?

So please, please take me in  
I don't know where else to turn to  
Please, please take me in  
You're the only one who seems to know me  
And don't, don't let them win  
Please take me in

We used to say money's ok  
But love is the only thing  
We do business with  
We used to sing and laugh of the things that  
Only we, only we, only we knew

Only we knew, Oh.

Please, please take me in  
I don't know where else to turn to  
Oh, please, please take me in  
You're the only one who seems to know me  
And don't, don't let them win

Please take me in

I lost my confidence  
But not my pride.
