We live, we love  
As long as we walk  
We live, we love  
Choosing peace not just talk

We live, we love  
As long as we walk  
We go stronger  
And yes there's hope

When you're feeling small  
Like you've got no voice at all  
Remember that the raindrop makes a river  
One on one is two  
And the rest is up to you  
Don't stop moving, we go on forever

A little smile can mend a broken heart  
Little thought can be a start of something  
And little spark can grow and be a fire  
I feel it burn within me  
Don't stop moving, we go on forever

I'm not afraid to dream  
And sometimes I believe  
All my trials and trouble make me stronger  
Being here with you  
Can make my dream come true  
Don't stop moving, we go on forever

A little smile can mend a broken heart  
Little thought can be a start of something  
And little spark can grow and be a fire  
I feel it burn within me  
Don't stop moving, we go on forever

All of us say  
Live and let live  
All of us got something to give  
All of us say giving it all for the good times

We live, we love  
As long as we walk  
We live, we love  
Choosing peace not just talk

We live, we love  
As long as we walk  
We go stronger  
And yes there's hope

Hope to be as one.
