Like a trip in luxury
A little ship with you and me
We won the lottery
We sail on silver into the sunset
And we'll live to be a hundred

A kiss between the legs - I wonder how
Just a kiss - A kiss makes it better
A kiss between the legs - yeah, somehow
One day it's chicken, the next day it's feathers
A kiss between the legs. Yeah
-Whenever you find what you seek
It's Be kind to clitoris-week!!
Oh la-la-la.

On a journey ruled by love
A little luck and true romance
Your ticket you'll find..
Is booked and paid for in advance
So put it back in your pants
A kiss between the legs...

Deep in your eyes I see
That you are life to me
If you're the kind that wait
Please hear my wish, grant me my request:
-I want to live between your breasts!!

A kiss between the legs...

Yeah, whenever you build a home
-Build it around her moan.. Oh la-la-la
