I had a ticket to fly so I boarded a plane
When a combat dressed stewardesse shouted my
name
I'm wanted alive yeah! I'm in for a trial
It's minimum mercy coz they found my file

Girl nation Female civilization

One full circle they stood all around
Counting my bones waiting to be dead
When a soft loving hand lifted my head
Tender lips kissing my chin, whispering:
- Honey, where have you been?
In girl nation Totem of the red light
Female civilization
In girl nation Totem of the red light
It's a female civilization Girl nation
Totem of the red light
By interstellar navigation & sweet female persuasion
Globetrotting through ladyland - back where time
began

In girl nation ...
