She holds out her hand  
In warning or welcome  
Haven't told anyone yet  
She takes mine and says  
If you can't do it right  
Try again...  
Yeah I've been repeating mistakes  
Just to see what breaks  
In someone else, or myself  
She breathes deeply  
And keeps me inside...

Until the stars disappears  
And the sun's coming up in my eyes  
I want what she's got  
I can see her heart  
And not the rules we live by  
I want what she's got  
I feel her hands will catch  
Whatever may come  
I want what she's got

She says that life is a toy  
It's not a game  
Don't be afraid to get caught  
I said I wish I'd felt the same  
To be someone I'm not  
With my name  
But if it's in you you'll find it  
Don't be afraid of me  
I'm close but never in the way  
She's my morning,  
At the end of the night

Until the stars disappears...  
And the sun's coming up in my eyes  
I want what she's got  
I can see her heart  
And not the rules we live by  
I want what she's got  
I feel her hands will catch  
Whatever may come

I want what she's got  
The stars disappears  
And here comes the sun...  
Here comes the sun

-Yeah look at that girl  
She ain't got no plans  
Yeah look at that girl  
She's my locomotive  
She knows the answer  
The answer is love if you can
