When I'm wrong I admit it  
When I'm right I shut up..  
But, if you're hairless with apes  
You get to mop the mess up  
U do me no justice  
U can't sentence or judge me  
I know u can't grade me (oh no)  
Change is pain  
So here we go:  
Yeah, yeah, yeah  
What a show  
I won't bossanova my way outa this  
No no no  
What a blow  
I won't bossanova my way outa this  
Hey-he-yh-ey

It feels good to be careless  
Last mango in Paris  
Yeah, yeah, yeah  
I've fooled everyone completely  
Everyone, except you..  
And maybe a few others  
That was all there was to do (Yeah, what can a fool  
do?...)  
I got clothes in my wardrobe  
They'll make me feel allright  
I was aiming to please  
'Coz you see... Yeah  
There's just a few of us...
