The sun went up
Red and glooming?
Spread heat and light and dust
All over Wyoming
There she went for ever and ever
While I'm standing here on Never Never
Indian girl, where've you been so long?
I'm standing here, can't you hear my song?
Oh Indian girl, where've you been so long?
I'm standing here, can't you hear my song?

I was standing above
And my tears were falling
Looking down on my love
While her tribe was calling
There she went for ever and ever
While I'm standing here on Never Never
Indian girl, where've you been so long?
I'm standing here, can't you hear my song?
Oh Indian girl, where've you been so long?
I'm standing here, can't you hear my song?

When that sun went up
Red and glooming?
I lost my heart, my light my love
Way out in Wyoming
There she went away for ever and ever
While I'm standing here on Never Never
Indian girl, where've you been so long?
I'm standing here, can't you hear my song?
Oh Indian girl, where've you been so long?
I'm standing here, can't you hear my song?
Oh Indian girl, where've you been so long?
I'm standing here
