Good morning, I love you  
Now that you're here where you belong  
I want to be the man you need  
Just tell me you love me  
Because I need to hear it too  
Just let me be the one  
You carry deep inside of you

I need you beside me  
The road is so long  
You run through my heart  
Like the words of a bitter sweet song

I'd travel the whole world  
Across the earth around the sun  
If I could be the one  
You carry deep inside of you  
Without you beside me  
The world is so cold  
You live in my heart  
And it hurts when I think of you gone

I need you  
In my world  
I have no right  
To love so true  
But let me be the one  
The one who lives inside of you  
Just let me be the one  
You carry deep inside of you
