Hey baby it's a mean old world
Gotta keep your feet on the ground
Gotta have a heart like Jesus
When the devil come an' knock you down
Trust what's inside you
And heads up for the wrecking ball

Hey baby it's a backseat ride
Nothing but your hope at the wheel
So you want to be a true believer
You can't pretend what your soul don't feel
Good luck will guide you
And heads up for the wrecking ball

High on a shelf inside myself I go
One day we'll all fly home

Hey baby it's a mean old world
Gotta keep your feet on the ground
You gotta have a heart like Jesus
When the devil come an' knock you down
Trust what's inside you
And heads up for the wrecking ball
Heads up for the wrecking ball
Heads up for the wrecking ball

Heads up, heads up
Heads up for the wrecking ball
Heads up
