Everybody's heart aches, every time it opens
You don't know if you'll win or lose, you just have to let
go
No I wasn't looking, it's funny how I found you
Just when I thought I'd live my life alone

Maybe it's love that I have longed for
Maybe it's love I should be strong for
I'm tearing down the walls inside, I want to laugh and
cry and kiss
Maybe it's love I miss

I've closed my heart down, so many seasons
I didn't want to hurt again, I didn't want to try
So I turned myself to ice and stone, said I don't need
anyone
And nobody else would ever make me cry

Maybe it's love I've run away from
Maybe it's love bringing me back home
I'm tearing down the walls inside, I want to laugh and
cry and kiss
Maybe it's love I miss

So put your arms around me now, hold me tight
Show me how, no one has ever loved me more
I've waited for so long

Maybe it's love, maybe I'm dreaming
Maybe it's love I can believe in
I'm tearing down the walls inside, I want to laugh and
cry and kiss
Maybe it's love like this
