All my traveling time
Running circles around my dreams
Waking up to find
Our love's not what it seems

Now my soul keeps calling for a long, lost day
And a love that I held so true
Well, there's no use following the heartache
That leads me back to you

I'll wait for the way
Through the valley of my shadow of doubt
(Wait for the way)
Through the winter of my discontent

(Wait for the way)
And when it seems like all my hope is spent
There's only one prayer I pray, wait for the way

Each small step of my life
There's a loneliness I've known
I take a road that's right
Even if I'm left alone

But I know that heaven holds amazing grace
When you trust what you feel inside
And a true heart opens at it's own pace
And I must say goodbye

And wait for the way
Through the valley of my shadow of doubt
(Wait for the way)
Through the winter of my discontent

(Wait for the way)
Sometimes it feels like all my hope is spent
There's only one prayer I pray, wait for the way
Oh way, oh way, oh way

Now my soul keeps calling for a long, lost day
And a love that I held so true
Though there's no use falling for the heartache

That leads me back to you

I'll wait for the way
Through the valley of my shadow of doubt
(Wait for the way)
Through the winter of my discontent

(Wait for the way)
And when it seems like all my hope is spent
There's only one prayer I pray, wait for the way
Oh way, oh way, oh way, oh
