Will & Liz

Headed down the road to bliss

Just a couple of crazy kids

Callin' it love

Sex, drugs, lies

Another day in paradise

So wonderful they don't think twice

Callin' it love

Fairytales so happy never ending, pretending

All you really need in life is love

What were they thinking of

Whatever it is it was, never enough

Two lost souls

Turning into two black holes

Offer up the last red rose

Into the fire

Fairytales so happy never ending, pretending

All you really need in life is love

What were they thinking of

Whatever it is it was, never enough

Fairytales so happy never ending, pretending

All you really need in life is love

What were they thinking of

Whatever it is it was, never enough

Will & Liz

Just a couple of crazy kids

Callin' it love

Callin' it love
