"Dance With The Devil"

Visit "[Dance With The Devil](#)" on MotoLyrics.com

Where there is light, there is darkness...
Where there is smoke, there is fire...
Where there's a god, there is D-Devils!

Ladies and gentlemen!
To beat...
Or not to beat...
That's the question!
So...

Let's kick the bass...
And unchain the most mind-blowing beats from Hell!

Prepare to dance with the Devil!
And pray that you will survive

The Gate Have Been Open Soo Now Pray For The
People You Love Or Go To Hell And DANCE WITH THE
DEVILS !!!
