Can I call you my girl

Some say money over girls, money over girls,
But that just aint me,
I've been looking for someone, who'd be there for me,
Now I've been wondering round sad,
Cause you be (stop), might've been my better half,
Cause I've got, love for, you my baby.

They call me Mr. Mongregary
Imma p.n.s for the tame
Tryna be a real gentleman
Still be gully cause I can,
I quite a pounds though,
At the Swiss flow,
Only for my girl,
Not for the dough, Oh oh,
M.E.O.K wit dirty ground, lets go

Can I call you my boo
(Yes you can)
Can you call me your girl
(Yes I can)
We can roll down the street,
If you want to lady,
Cause your my baby (my baby)

Can I call you my x3
Can I call you my girl (can I call you my girl)
Can I call you my x3
Your my baby, (Your my baby)
Can I call you my x3
Can I call you my girl
Can I call you my x3 (my girl)
Mami she a freak, I know that,
Mami puffin weak, I know that,
She wanna have a Rolex,
And she wanna drive reflex's

I suppose that I gotta buy her,
Anything she wants,
Whatchu' need love to like the soul I get it done.

Oh I... (Love)
And I want to be next to this girl,
Cause I love, I love my baby,
Can I call you my girl,

(My girl, my girl)
Can I call you my
Can I call you my girl
(My girl, my girl)
Can I call you my
Your my baby, (Your my baby)
(My girl, my girl)
Can I call you my
Can I call you my girl
(My girl, my girl)
Can I call you my x3 (my girl)

In the night and in the morning we'll be
Making love, yeah, Oh,
Can I call you my baby?

Can I call you my
Can I call you my girl (you can call me your girl)
Can I call you my
Can I call you my
Can I call you my girl (you can call me your girl)
Can I call you my
