We talk every day
We don't say what's going through our minds
It's just a way of passing time

I wanna believe I'm all you need
But the truth is in your eyes
I need to know what's inside

You're hiding away like you're just too scared to try
Don't wanna hear a heart break
But you're slowly breaking mine

[Chorus:]

Tell me what's going on
Am I alone?
Here in this crazy world of love
Baby something is wrong
I should have known
That here in this crazy world of love
I'd feel lost, don't let go
'cause I need you by my side, oh

Here in this crazy world of love

I try and understand what I can
But I'm losing who you are
What used to be near seems so far

You're hiding away
Like you're just too scared to try
Don't wanna hear a heart break
But you're slowly breaking mine

[Chorus]

It's heard the not knowing
Just where we are going
But in this crazy world is where we belong

I'd feel lost, don't let go
'cause I need you by my side. Oh

Here in this crazy world of love
Here in this crazy world of love
Here in this crazy world of love
