Last night I dreamt you were lying beside me  
I smelt the sweetness of your hair  
You gently reached out to remind me  
Of how it used to be  
And I almost believed that this morning I'd find you still  
there

*[Chorus:]*

But here in the real world  
I miss you madly  
In the real world  
I'm coping badly with losing you  
What am I to do  
Here in the real world  
Without you

Last night I dreamt of a different ending

Everything just seemed to work out somehow  
I saw that someday I could smile again without  
pretending  
In was so sure I'd wake up and I wouldn't need you  
right now

*[Chorus]*

Friends tell me I must not look back  
There are silver rails just ahead on the track  
And my stars say I'm getting over the fact that you're  
gone

*[Chorus]*

I'm here in the real world  
Without
