Speechless

Oooh yeah yeah, oh yeah yeah

Tragic, completely

When the one you love keeps runnin games with your heart

I feel the static, inside me

Should I stay, should I go, I don't know where to start

Coz baby you and I don't you know we got something that's beautiful

And yes you're the one even though that I know it's illogical

Cos baby

[Chorus:]

You've got something over me

And right now it's all a mystery

This thing's taken over you see

No matter what I do, I'm speechless over you

It don't make any sense at all

But I'm here to always take the fall

Baby, here's the proof

No matter what you do, I'm speechless over you

Panic, should I let go?

Life ain't as easy as a simple ABC

I've had it, baby you know

You've been steering that wheel to somewhere I can't see

Coz baby you and I don't know we got something incredible

And yes you're the one even though that I know it's illogical

Coz baby

[Chorus]

Why can't you give your heart away

What can I do to make you stay

Just when I try to walk away
Something tells me

[Repeat chorus]
