"Tokyo"

Not touch down is like I found a part of me
A foreign land that I mist ands a heart of me
This is where the story of our love felt begins
Inside my mind something I can't hide

[CHORUS:]

Cause I found my love in Tokyo
More I see the more it grows
Spread your wings and fly me there
All with the color of my dreams
More I get the more I need
What a beautiful affair
If you go, if you go, if you go
You'll find my heart in Tokyo

Shining lads enough too bright for me to see
Serious thing the well commended bags for me
Even more I'm wondering so far away from home
I'm not alone; I know I'm not alone

[CHORUS]

[Bridge:]

Never wanna leave it
Never wanna say good bye
Never wanna let go
All of us common type, yeah
Cause it fells so right
Not touch down is like I found a part of me

[CHORUS]

Cause I found my love in Tokyo
Spread your wings and fly there
All with the color of my dreams
(What a beautiful affair)
If you go, if you go, if you go
You'll find my heart in Tokyo
