I know the stars that shine on me,
Are brighter than you or I could ever be.
I know there's an answer to your question,
But I don't if I could word it right.

Say what you mean,
Don't tell it like it could be,
I'm not sure that I should say it out loud,
Say what you mean,
Don't tell it like it could be,
Right at this time, I'm gonna keep that in mind

One love, is better than not enough
I'd rather have no love, than messing with the wrong
stuff

Just the comfort of strangers
Always the comfort of strangers
Yeah, Yeah, Yeah.

I know the sun that shines on me,
Has better times than you or I could ever be,
I know there's an answer to the question,
And I'm not sure that I should word it right,

Say what you mean,
Don't tell it like it could be,
Everytime your gonna set me free,
Say what you mean,
Don't tell it like it could be,
Right this time, let's take it right home to see

One love is better than not enough
I'd rather have no love, than messing with the wrong
stuff,
It's just the comfort of strangers
Oh it's the comfort of strangers

Why, some of those are like best friends, best friends,
Ones that keep you coming round again
